MEMORANDUM FOR: [REDACTED], TCO/CIA

SUBJECT : Request for TALENT Clearance for
[REDACTED] 25X1A9a

1. The Deputy Director (Intelligence) requests that TALENT Clearance be granted for [REDACTED], Assistant Director, Office of Operations. 25X1A9a

2. It has become apparent that reinterrogation of CIA sources is imperative. In the study of OO reports which coincide with TALENT photography, it is felt that more detailed information can be gleaned by reinterrogation of sources by personnel cognizant of photo interpretation problems.

25X1A9a 3. Since there are no OO personnel cleared for TALENT, it has not been feasible to approach that office directly with this problem. Therefore, it is requested that clearance be granted to [REDACTED]
